ABOUT DA INTERIOR DESIGN

DA Interior Design creates thoughtfully designed residential and commercial interiors that balance aesthetics, functionality, and craftsmanship. We transform spaces through creative planning, carefully selected materials, lighting, and detailed execution. Our goal is to create personal, practical, elegant, and timeless interiors that reflect each client's lifestyle and vision.

WHY US

- Personalized design approach
- Functional and elegant spaces
- Attention to materials and details
- Transparent project coordination
- Design-to-execution support
- Quality-focused workmanship

LEADERSHIP PERSPECTIVES

A MESSAGE FROM THE CEO

Sk Majar Dalim

We create interiors that balance creativity, functionality and craftsmanship while remaining true to each client's personal vision.

A SHARED VISION

Collaboration, trust and quality execution shape spaces that remain meaningful over time.

CORE SERVICES

01

Residential Interior Design

Tailored interiors for considered everyday living.

02

Modular Kitchen & Wardrobe Design

Integrated storage and cabinetry with refined detailing.

03

Living & Bedroom Design

Comfort-led spaces shaped by proportion, material and light.

04

Commercial Interior Design

Functional environments aligned to business needs.

05

Space Planning

Clear layouts that improve flow, use and balance.

06

3D Visualization

Visual direction before execution begins.

07

Material & Finish Selection

Cohesive surfaces, textures and hardware choices.

08

Turnkey Design & Execution

Design-to-execution support through coordinated delivery.

DESIGN PHILOSOPHY

01 FUNCTION

Every space should work naturally for the people using it.

02 CHARACTER

Every interior should reflect the personality and lifestyle of its occupants.

03 DETAILS

Materials, lighting, proportions, textures and craftsmanship define the final experience.

SUSTAINABLE COMMITMENT

- Durable materials
- Responsible material selection
- Natural light
- Efficient lighting
- Long-lasting design
- Reduced unnecessary replacement
- Functional planning

THE DESIGN JOURNEY

PHASE 01 — DISCOVER

Understanding lifestyle, requirements, budget and vision.

PHASE 02 — DEFINE

Site analysis, measurements, space planning and design direction.

PHASE 03 — DESIGN

Concept development, moodboards, materials, 2D layouts and 3D visualization.

PHASE 04 — DEVELOP

Material finalization, detailed drawings, costing and execution planning.

LIVING ROOM

DINING

Designed for modern everyday living, this 1450 sq ft Bengaluru residence brings together contemporary aesthetics, practical planning and carefully considered details. The design focuses on creating a comfortable and cohesive home where materials, lighting, furniture and spatial planning work together to create a refined yet welcoming atmosphere.

From the living spaces and bedrooms to the kitchen and detailed interior elements, every area has been thoughtfully designed to balance functionality with visual character.

Thoughtfully designed. Carefully executed. Made for living.

ECOSYSTEM & TRUST

Great design is built together. Our ecosystem brings the right people and processes together to ensure clarity, quality and accountability at every step.

Skilled craftsmen

Experienced hands that translate design intent into precise, lasting details.

Material suppliers

Trusted sources for quality materials that meet our standards of durability and finish.

Execution teams

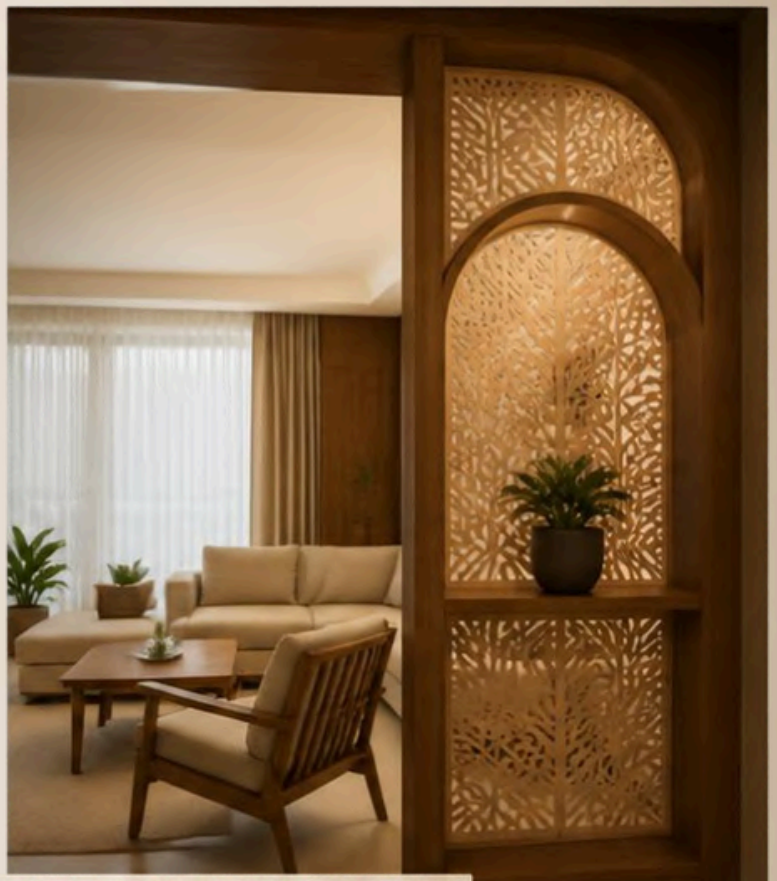

Disciplined teams that deliver with consistency, safety and on-site accountability.

Design professionals

Collaborative experts who enrich ideas and ensure design integrity.

Project coordination partners

Reliable partners who streamline timelines, communication and approvals.
